Calling All Mad Scientists!

It's time to bring Friendly Frank to life with this easy-to-build paper craft. Halloween is Friendly Frank's favorite time of year! The tricks and the treats are what keeps a smile on Frank's face. It's time to get crafty and create some spooky, kooky Halloween fun.

1 Carefully cut out the front piece with scissors.

2 Fold the shape on all the dashed lines to create creases, then flatten out again.

3 Using a glue stick, apply glue on these dotted areas.

4 Pick the piece up and turn it over to its blank side. You should be able to see the crease indentions from step 2.

5 Fold over the center panel along your pre-made creases.

6 Fold over the side flaps and affix to glued areas, being mindful not to crush the boxy shape of the front piece.

Carefully cut out the accent pieces with scissors. Glue the accent pieces to the back piece where indicated using the words to match things up.

PRO TIP!

You can slide the back piece over your hand like a mitten to make gluing easier!
