This Gobbler has the Gift of Gab!

Chatty Cousin Cathy not coming this year?
 Grumpy Grandpa Gus stuck in Gainesville?
 If you're dreading an unusually quiet Thanksgiving holiday, invite the Gabby Gobbler to dinner. This bird-brain can banter like the best of them!

1 Carefully cut out the front piece with scissors.

2 Fold the shape on all the dashed lines to create creases, then flatten out again.

3 Using a glue stick, apply glue on these dotted areas.

4 Pick the piece up and turn it over to its blank side. You should be able to see the crease indentions from step 2.

5 Fold over the center panel along your pre-made creases.

6 Fold over the side flaps and affix to glued areas, being mindful not to crush the boxy shape of the front piece.

PRO TIP!
You can use the edge of a ruler to make folding easier!

FRONT PIECE

7 Carefully cut out the back piece with scissors.

10 Pick the piece up and turn it over to its blank side. You should be able to see the crease indentions from step 8.

BACK PIECE

PRO TIP!

Cut this page into easy-to-handle chunks before doing your fine-tune trimming of each accent piece.

Add glue to the interior sides of the front and back pieces and “sandwich” them together.

WING PIECES

Carefully cut out the accent pieces with scissors. Glue the accent pieces to the back piece where indicated using the words to match things up.

PRO TIP!

You can slide the back piece over your hand like a mitten to make gluing easier!

**OPTIONAL CARTOON SPEECH BUBBLE!
(Cut out and set aside for later.)**

Kooky Craftables can talk! Just glue this piece to the back corner of your project and it can say this...

...or get creative by writing your own custom message!

15
Carefully cut out the head piece with scissors.

18
Fold the head to form a tall boxy shape and press the glued area to the back side of the turkey's face. Then flair out the rounded tab on the back of the neck. Add glue to the white-sided areas indicated above...

16
Fold the shape on all the dashed lines to create creases, then flatten out again.

17
Using a glue stick, apply glue on this dotted area.

19
...and add the turkey head to the turkey body!

**HEAD
PIECE**

20

Cut out the four foot pieces and glue them back-to-back so you have two feet that are yellow on both sides.

21

Fold the feet into a "U" type shape (as shown above) and apply glue to the back tabs.

22

Affix the feet to the interior side of the body piece so it looks like your turkey is sitting down.

23

Cut out the three tail feathers, (found on the next page) fold them in half, and glue them closed.

24

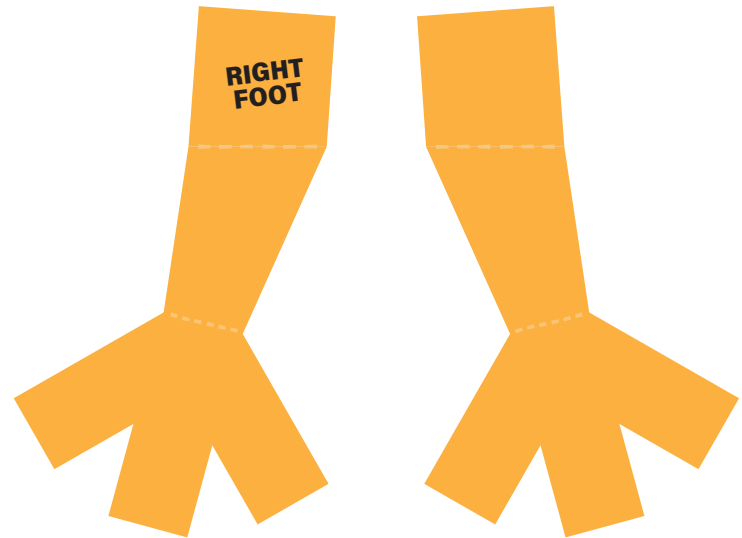

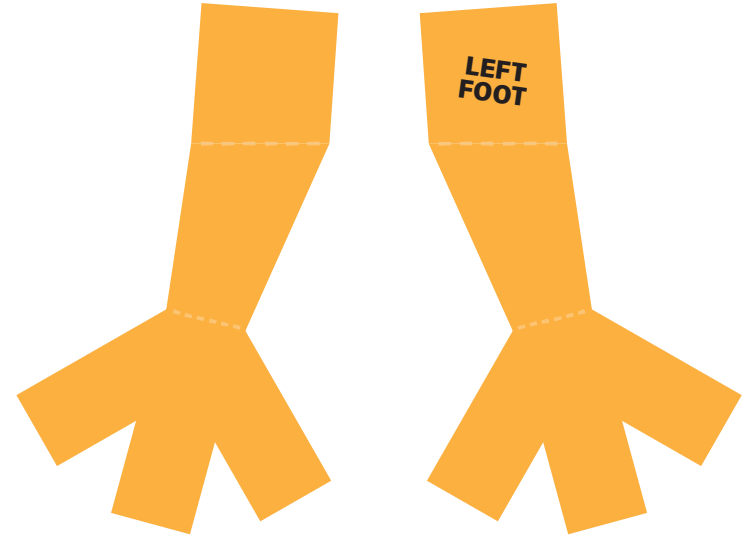

Glue the tail feathers to the back of the body piece by matching the numbers.

25

Attach optional cartoon speech bubble to the back of the head with glue if desired.
